A proven, trusted partner to the Resources sector

Swift Networks has developed a market-leading position providing digital entertainment, communication and information systems to the Australian resources industry.

This sector represents around 110,000 rooms, of which we currently hold a leading market share.

Our clients include key blue-chip companies like BHP Billiton, Rio Tinto, Chevron and INPEX.

These clients demand and appreciate that Swift Networks can provide the latest hardware and content that will function reliably in harsh and remote environments at a reasonable price.

PROJECT LOCATIONS

Bringing Lifestyle and Aged Care residents freedom to enjoy life

Lifestyle community and aged care providers represent over 327,000 rooms in Australia. Government forecasts point to 900,000 rooms by 2020 as the population ages.

Residents can stay connected from the comfort of their own room. From simple TV viewing, internet access, listening to the radio or viewing what's on around the village and much more.

With Swift, village management can easily distribute bulletins, alerts, menus and other information to all residents, and can add third-party applications and subscriptions as required.

Continuing traction in the Hospitality sector

The Australian hotel accommodation sector represents around 250,000 rooms. Swift is pursuing a significant opportunity to become their provider of choice for:

➤ In-room TV ➤ Wi-Fi ➤ Video on demand ➤ New in-room services

- Offers guests a huge range of features at the touch of a button.
- Simple to use and easy to navigate.
- A unique platform to communicate with guests.

Winner: Australian Hotels Association WA 2016 - Best New Hospitality Product.

Resale and deployment agreement with Freedom Internet has accelerated Swift's expansion with new hotel and resort clients on the East Coast.

International Expansion

Swift is currently targeting expansion into international markets and is developing reseller and partnership strategies across the South East Asia region:

- Swift faces no technological barriers to entering attractive new markets.
- The Swift Digital Entertainment System is fully compliant with international regulatory standards.
- Early stages of scaling up with the opportunity to follow international customers and partners into new geographies.

Highlights

- Encouraging Swift business development across the Resources, Aged Care, Lifestyle Village and Hospitality sectors drives December quarter cash receipts to \$3.9 million.
- Continued development of the Swift content and service offering, along with the accretive acquisitions of Web2TV and Living Networks, support healthy site and subscription growth.
- Cash balance of \$2.6 million at 31 December 2016, having raised \$2.0 million (before costs) to fund acquisitions and provide growth/working capital.
- Integration of acquisitions near completion therefore reduced operational expenditure in Q3.

Swift Secures Optus' Premier League Content ASX: SWI

Highlights:

- Swift Networks secures rights to distribute Optus' live Premier League content across its entire customer network, effective immediately.
- Swift to resell Optus' comprehensive Premier League coverage – including every match live, highlights, previews, classic matches, news and expert analysis.
- Swift partnership with Optus enables distribution of Premier League to hospitality venues, mining camps, lifestyle, aged care and retirement villages across Australia.
- Australian investor roadshow Tues 13 September – Tues 20 September.

Perth, Australia — Leading digital entertainment and communications service provider Swift Networks Group Limited (ASX: SWI, "the Company") is pleased to announce that it is now able to offer the 24/7 Optus Sport television channel to commercial customers across Australia.

Through its partnership with Optus Networks Pty Ltd ("Optus"), Swift Networks has been appointed to assist the Australian rights holder's Premier League coverage, for an initial period covering the duration of Optus' ownership of the rights.

The agreement positions Swift as a leading supplier of Premier League content to accommodation providers in the Australian hospitality, resources, retirement lifestyle village and aged care sectors.

"We are delighted that Optus has chosen Swift Networks as a strategic channel partner to reach Australian commercial customers," said Swift Networks Chief Executive Officer Xavier Kiri.

"We have long understood that access to live sport is a key consideration for customers in commercial settings when choosing an entertainment service provider. We also understand that Swift's content aggregation and distribution capability represents a key driver for Optus in growing its audience."

"Swift Networks is looking forward to making Optus' Premier League coverage available to its customers and their guests, delivering all 382 Premier League matches live in stunning HD on dedicated channels, highlights, previews, classic matches, news and expert analysis."

Swift wins multiple new contracts across Australia ASX: SWI

Highlights:

- Swift Networks wins contracts to provide entertainment and connectivity at facilities in Queensland, Western Australia and the Northern Territory covering more than 1,800 rooms.
- Swift deepens relationship with Rio Tinto and also expands into new accommodation developments with the provision of data management and digital entertainment services.

Perth, Australia — Leading digital entertainment and communications service provider Swift Networks Group Limited (ASX: SWI, "Swift" or "the Company") is pleased to announce that it has won new contracts to supply elements of its award-winning hospitality solution to new and existing clients operating in multiple sectors across Australia. This new client activity builds on a sustained period of growth for Swift during which it has also bolstered its content offering by securing the rights to distribute Optus' Premier League coverage.

Hill Creek

Following Swift's recent success in securing a multi-year contract to support communication and entertainment services for Rio Tinto Ltd (ASX: RIO) at Jerram Village (announced 28 July 2016), the Company is pleased to confirm that it has expanded its relationship with Rio Tinto to cover more than 1,000 new rooms at Hill Creek mine, 120 kilometres southwest of Mackay in Queensland.

The agreement covers the management and support of internet services to ensure users receive a superior internet experience. Swift's deliverables include the installation of equipment onsite and 36 months of ongoing services.

Swift to acquire Web2TV and Living Networks ASX: SWI

Highlights:

- Swift to acquire two businesses - Web2TV and Living Networks - providers of entertainment and telecommunications services to Aged Care facilities and Lifestyle Villages.
- Acquisitions increase Swift's presence in New South Wales and Victoria in line with the Company's expansion plans.
- Swift's footprint to increase to approximately 40,000 room subscriptions.
- Two deals with a total upfront consideration of \$425,000 in cash and \$100,000 in escrowed SWI shares - an accretive transaction with low cost to acquire.
- Milestone payments totalling \$1 million in cash and \$1 million in SWI shares will be payable following the achievement of \$1.1 million in new annualised revenue.
- Acquisitions leverage Swift's existing infrastructure, fast-tracks subscriber growth and expands the Company's presence in the Aged Care and Retirement Lifestyle village sectors.
- Binding commitments received for share placement to sophisticated and institutional investors, to raise \$2.6 million (before costs) to fund acquisitions and to provide growth/working capital.

Perth, Australia — Leading digital entertainment and communications service provider Swift Networks Group Limited (ASX: SWI, "Swift" or "the Company") is pleased to announce that it has received binding commitments to raise \$2.6 million in a placement to sophisticated and institutional investors at \$0.23 per share. Net proceeds of the capital raising will fund the acquisition of Web2TV and Living Networks, provide working capital and further strengthen the Company's balance sheet.

The acquisition of Web2TV and Living Networks enhances Swift's presence in the Aged Care and Lifestyle sectors and brings significant growth potential through the acquisition of two profitable, established providers of entertainment and telecommunications services to Aged Care facilities and Lifestyle Villages.

Swift Networks Group Chief Executive Officer, Xavier Kiri, said:

"I am delighted to welcome Web2TV and Living Networks to the Swift Networks Group."

"This transaction accelerates the strategic plan for vertical and geographical expansion outlined in the Company's memorandum, introduces our services effectively and represents a start

Swift Wins Material Contract with INPEX Offshore Project ASX: SWI

Highlights:

- Swift Networks wins material contract to provide entertainment, connectivity, maintenance and support services to the INPEX operated Ichthys LNG Project.
- This bolsters Swift's healthy growth into 2017 with the contract to run for an initial period of three years.
- The broad range of Swift services deployed enhances Swift's expansion and market position in new and existing markets in Australia and abroad.

Perth, Australia — Leading digital entertainment and communications service provider Swift Networks Group Limited (ASX: SWI, "the Company") is pleased to announce that it has won a material contract to supply a broad suite of services including entertainment content, connectivity and related support to the INPEX operated Ichthys LNG Project. Located about 220 kilometres offshore Western Australia and 620 kilometres southwest of Darwin, the project is expected to have an operational life of at least 40 years.

This agreement will see Swift provide and manage the essential suite of connectivity, digital entertainment and related support and ongoing maintenance services for an initial period of three years.

Swift Networks Chief Executive Officer, Xavier Kiri, said:

"We are delighted to support the INPEX operated Ichthys LNG Project where Swift has helped to design and construct the systems that keep INPEX's offshore personnel entertained, informed and connected."

"Through a successful tender process, Swift has proven itself to have the skills, experience and resources required to be engaged as a provider of high-quality telecommunication and entertainment solutions to locations as remote and challenging as the INPEX operated Ichthys Project."

"We are proud to support INPEX for the next 3 years and look forward to helping workers at Ichthys to stay in touch with their friends and families, enjoy great entertainment and benefit from an ultra high speed communications link."
